The purpose of the PASS program is to help individuals achieve self-support. The PASS provision is available to Supplemental Security Income (SSI) recipients who are disabled or blind. With Social Security Administration's approval, a PASS allows these individuals the opportunity to set aside income and resources for education, vocational training, starting a business, or other activities that would help lead to self-sufficiency. The money thus set aside is not counted toward SSI eligibility. This rulemaking exempts PASS funds and income received under Title I of the National and Community Service Act of 1990 for Food Stamp purposes.

NOTICE OF PROPOSED AMENDMENTS

SUBPART B: MEDICAL PROVIDER PARTICIPATION

Section 140.24 Payment Procedures

- a) Payment of valid claims will be made by a State warrant (check) issued through the Office of the State Comptroller. Payments for services rendered by medical providers will only be mailed to:
- 1) The provider's service address, or
- 2) The provider's individual practitioner/sole proprietorship residence, or
- 3) The provider's designated payee(s).
- b) ~~Payment will not be mailed to lock-boxes or post-office-boxes where street-address-delivery is available.~~
- a)b) A long term care facility and its corporate or partnership owner may request the facility's warrant be sent directly to the business address of the corporate or partnership owner. The Department's approval of this type of request will be given only if the owner(s) has a minimum of four facilities which are located within Illinois and which are enrolled with the Department. After approval is given the warrant will be issued in the name of the facility but sent to the business address of the corporate or partnership owner rather than the facility.
- d)c) The Department shall permit individual practitioners to designate an alternate payee if one of the following conditions is met:
- 1) The medical practitioner has a contractual/salary arrangement, as a condition of employment with a hospital or professional school.
- 2) The medical practitioner is part of a practitioner owned group practice consisting of three or more full-time licensed practitioners or the equivalent thereof.
- 3) The medical practitioner is employed by a practitioner who requires, as a condition of employment, that the fees be turned over to the employer.

4) Statutory Authority:

Implementing and authorized by Section 3.14 of the Illinois Food, Drug and Cosmetic Act (Ill. Rev. Stat. 1991, ch. 56 1/2, par. 503.14) and Section 25 of the Pharmacy Practice Act (Ill. Rev. Stat. 1991, ch. 111, par. 4145).

5) A Complete Description of the Subjects and Issues Involved:

Through this emergency rulemaking, the Illinois Department of Public Health amends various sections of the Illinois Formulary for the Drug Product Selection Program. The Department proposes to promulgate administrative procedures for the Drug Product Selection Program, however, the actual list of products approved for drug product selection need not be promulgated. Hence, all sections containing drug listings are repealed with this rulemaking.

Revisions to and single copies of the drug formulary shall be provided to pharmacies at no charge. Upon request, licensed prescribers, student pharmacists and pharmacists practicing pharmacy in this state under a reciprocal license shall be provided a single copy at no charge.

The Department shall offer a subscription to the drug formulary and its revisions to other interested parties at a fee of \$50.00 per year. All subscription fees collected by the Department shall be deposited into the Food and Drug Safety Fund. Subject to appropriation by the General Assembly, moneys deposited in the fund shall be made available to the Department of Public Health to administer the Drug Product Selection Program or for other activities related to food and drug safety or drug product selection.

DEPARTMENT OF TRANSPORTATION  
NOTICE OF ADOPTED AMENDMENTS

12) Have all the changes agreed upon by the Agency and JCAR been made as indicated in the agreements letter issued by JCAR? Yes.

13) Will this rule replace an Emergency Rule currently in effect? No

14) Are there any amendments pending on this Part? No

15) Summary and purpose of rules: By this rulemaking, the Department implements the necessary procedures to comply with Public Act 87-1205, effective July 1, 1993. The Public Act changes the size requirements for signs in counties under 2,000,000 population and changes the spacing requirements for signs along primary highways. P.A. 87-1205 also changes the amount of the application fee. The changes in the Public Act were introduced and supported by the outdoor advertising industry without input from the Department.

This Part provides requirements for registration, application, and revocation of permits, as well as for the erection and maintenance of signs along the interstate and primary highways in Illinois. In addition, it contains requirements for the size, spacing, and other standards for outdoor advertising signs.

This rulemaking includes several new definitions, revisions to several existing definitions, changes in spacing requirements for signs on primary highways, and revisions to the application fees. Additionally, this rulemaking clarifies that outdoor advertising signs must comply with airport hazard zoning regulations promulgated by the Department. Finally, the Department is substantially changing the hearing procedures so that, instead of requiring the use of a hearing officer, a decision regarding a problem can be made by the Director of Highways or his designee.

A new illustration has been added entitled, "Public Airport Hazard Zoning in Illinois", and, statutory citations contained in this rulemaking have been updated to include cites to the Illinois Compiled Statutes in accordance with P.A. 87-1005, effective January 1, 1993.

Practice Act (Ill. Rev. Stat. 1991, ch. 111, par. 4145)[225 ILCS 85/5].

5) Effective Date of Amendments: May 7, 19936) If this emergency rule is to expire before the end of the 150-day period, please specify the date on which it is to expire: Not applicable.7) Date Filed in Agency's Principal Office: April 28, 19938) Reason for Emergency:

The Illinois Food, Drug and Cosmetic Act (ch. 56 1/2, par. 503.14)[410 ILCS 620/3.13] and the Administrative Procedure Act (ch. 127, par. 1005.02)[5 ICLS 100/5-45], as amended by Public Act 87-1237, specifically authorize the Department to implement this rulemaking pursuant to emergency rulemaking.

9) A Complete Description of the Subjects and Issues Involved:

Through this emergency rulemaking, the Illinois Department of Public Health amends various sections of the Illinois Formulary for the Drug Product Selection Program. The Department proposes to promulgate administrative procedures for the Drug Product Selection Program, however, the actual list of products approved for drug product selection need not be promulgated.

Revisions to and single copies of the drug formulary shall be provided to pharmacies at no charge. Upon request, licensed prescribers, student pharmacists and pharmacists practicing pharmacy in this state under a reciprocal license shall be provided a single copy at no charge.

The Department shall offer a subscription to the drug formulary and its revisions to other interested parties at a fee of \$50.00 per year. All subscription fees collected by the Department shall be deposited into the Food and Drug Safety Fund. Subject to appropriation by the General Assembly, moneys deposited in the fund shall be made available to the Department of Public Health to administer the Drug Product Selection Program or for other activities related to food and drug safety or drug product selection.

The Department has also revised the procedural requirements for data submission for those drug products to be considered for inclusion in the Illinois Formulary. This rulemaking requires drug manufacturers to make their initial data submission 28 days (previously 21 days) in advance of the regularly scheduled quarterly meeting. It extends the comment period for manufacturers to respond to each other's data submissions by an additional 7 days (the innovator can respond to the generic petition within 7 days, both sides can comment for an additional seven days beyond that point in time. This is also the appropriate time interval for Council members to ask for additional data, enhancement of previously submitted data, or clarification of data presented.) Revision of the data submission schedule should allow

## SUBPART A: GENERAL PROVISIONS

## Section 790.20 Introduction

EMERGENCY

a) The Illinois Food, Drug and Cosmetic Act (410 ILCS 620/3.13, formerly Ill. Rev. Stat. 1987, Ch. 56 1/2, par. 503.14) allows interchange of different brands or nonbrands of the same generic drug entity for a drug product prescribed by a specific trade name. Products selected for interchange must be pharmaceutically equivalent to the prescribed product and must be listed in a positive drug product formulary known as the Illinois Formulary which has been developed, maintained and issued by the Illinois Department of Public Health (hereinafter referred to as the "Department"). The practice of selecting an equivalent drug product from the Illinois Formulary to dispense instead of the trade name product prescribed is known as Drug Product Selection (DPS).

b) The initial issue of the Illinois Formulary for use in Drug Product Selection became effective on July 1, 1978. Periodic updates to the Illinois Formulary will be distributed by the Department of Public Health. Single copies of the Illinois Formulary shall be provided to all licensed pharmacists, ~~physicians, and~~ ~~pharmacists~~ with Illinois addresses. Upon request, single copies of the Illinois Formulary will be provided, at no charge, to licensed prescribers, pharmacists practicing their profession in Illinois, to pharmacists seeking reciprocation,

EMERGENCY

## Consideration of Drug Products for Inclusion in the Illinois Formulary

- a) Drug products for inclusion in the Illinois Formulary shall be approved and recommended to the Director, Illinois Department of Public Health, by a Technical Advisory Council composed of seven members, each of who has extensive experience in pharmaceutical affairs. Products for Council consideration shall be researched and presented by Departmental staff following consideration of recommendations by the Federal Food and Drug Administration (FDA), of recognized drug reference sources, of published research, and of qualified consultants.
- b) No product shall be considered for inclusion in the Illinois Formulary unless each individual dosage form, dosage strength and manufacturer has been recommended for drug product selection use by the FDA. Each product considered must be verified by the FDA as being marketed under currently approved drug applications, as meeting required manufacturing standards and chemical identity standards, and as being cleared of any issues involving the bioequivalence or bioavailability of the product. Prior to being sanctioned for DPS use, the product must pass FDA criteria specific for DPS approval which may be more stringent than that required for general marketing approval.
- c) Products in generic entities (as described in Section 790.100 of this Part) never previously reviewed in any manner shall be ineligible for consideration at Technical Advisory Council meetings if the products' FDA approval date is 30 or fewer days prior to the scheduled Technical Advisory Council meeting. Such entities initial review shall be deferred to the next scheduled Technical Advisory Council meeting.

(Revised)

Whereas, in December 1803, the people of Illinois welcomed Meriwether Lewis and William Clark at the staging platform and launching pad for their epoch-making expedition from the Mississippi River to the Pacific Ocean, which was ordered by President Thomas Jefferson; and

Whereas, through the winter of 1803-1804, Camp Dubois was established on the soil of our state at the junction of the River Wood and the Mississippi River, to quarter and protect their men and equipment and prepare them for the perilous journey ahead; and

Whereas, the State of Illinois, from Fort Messac on the Ohio River, north to Fort Kaskaskia, Cahokia, and Camp Dubois, supplied Captains Lewis and Clark with many of exceptional soldiers, boatmen, hunters, guides, and interpreters whose courage and devotion made the journey possible and also supplied them with materials and logistical support essential to their corps' survival across thousands of miles of uncharted wilderness; and

Whereas, Illinois' brave pioneers and frontier settlers provided the captains and their men with the hard-won harvest of their fields, live stock, tools, hospitality, warm friendship, and encouragement; and

Whereas, at the War Wood in Illinois, Captains Lewis and Clark forged their band of explorers into a dedicated, disciplined military unit, risking their lives to carry out their mission. The expedition was deemed critical to the future security and prosperity of the United States; and

Whereas, we should feel honored that Illinoisans helped launch one of the greatest explorations in history, opening the American West and building the power of our nation;

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim May 1992 as LEWIS AND CLARK MONTH in Illinois, to commemorate the extraordinary achievements and contributions of Illinois' frontier citizens.

Issued by the Governor April 27, 1993.

Filed with the Secretary of State May 6, 1993.

"JUST SAY NO" WEEK

Whereas, "Just Say No" is a federal government substance abuse prevention initiative; and

Whereas, across the country, young people and adults are

joining to launch "Just Say No" projects and clubs; and Whereas, the campaign is based on the premise that how to say "no" to drugs and alcohol, as well as to peer pressure to use chemicals, may be the most powerful weapon society has in dealing with the substance abuse problem; and

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim May 15, 1993, as "JUST SAY NO" WEEK in Illinois in conjunction with our nation's campaign to focus public attention on the problem of drug abuse.

Issued by the Governor April 29, 1993.

Filed with the Secretary of State May 6, 1993.

93-126  
STAMP COLLECTING WEEK

Whereas, philatelists and others interested in stamp collecting have gathered for the past 35 years for COMPEX (Combined Philatelic Exhibition of Chicagoland; and

Whereas, hundreds of frames of rare and unusual stamps will be displayed at COMPEX; and

Whereas, COMPEX is the largest club-sponsored show in the United States, presenting the widest range of exhibits by children and adults alike; and

Whereas, the theme for this year's COMPEX show is "The Centennial of Chicago's Field Museum of Natural History";

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim May 23-30, 1993, as STAMP COLLECTING WEEK in Illinois, I welcome all visitors and exhibitors to our state and wish them a rewarding and enjoyable visit.
